ValueLink®

ValueLink Software - Your One-Stop Shop for Powerful AVMs

ValueLink Software helps you enhance your valuations with a comprehensive suite of Automated Valuation Models (AVMs)

Why Choose ValueLink Software?

Extensive AVM Network

Access a wide range of leading AVM models – all integrated within our platform. Find the right AVM for every property type and valuation need.

Seamless Integration

Effortlessly integrate ValueLink Software with your existing systems. Eliminate manual data entry and streamline your workflow.

Clear Insights

Gain clear and detailed AVM reports with robust data for informed decision-making.

Reduced Costs

Eliminate the need for appraiser site visits and manual evaluations. AVMs offer a more cost-effective solution.

Faster Valuations, Lower Costs & Reduced Bias With Over Tens of Thousands of AVMs Processed

ValueLink Helps You Transform Your Valuations!

Unlock the Power of Diversity:

Our platform integrates with a vast selection of AVM models from top providers.
